

"What a delight it was to have Jean Driscoll as the keynote speaker for the Bank of America President's Club recognition events. Over 3,000 Bank of America associates and guests heard Jean's message of determination and winning. The response from our associates has been incredible. In my role as manager of recognition and awards, I have worked with numerous sports celebrity and motivational speakers. After working with Jean, I place her among the top. Jean was very proactive in identifying our objectives and she responded with a presentation that was dead on."

Allen Blevins

Senior Vice President, Bank of America

"I cannot thank you enough for kicking off our Nationwide Training Conference with such warmth, humor and inspiration. Your willingness to openly share your life experiences served as a wonderful springboard for what was, I believe, the best Training Conference that we've had to date."

James E. Williams, Jr

President / CEO, Easter Seals National

"Inspirational, God-honoring, challenging and an articulate speaker — that's Jean Driscoll. There's no room for apathy with Jean. Her refreshing outlook on life leaves little room for defeatism, and she has built a ministry demonstrating how God shapes and leads even through the most difficult of circumstances. She turned my head when she said, 'God did not pick on me; He picked me out.' We won't forget these words and the compelling message that she has to back up her claim. Our audience of nearly 2,000 was greatly blessed. This beautiful young woman has left a thumbprint in our hearts."

Sue Rogers

Director, Lincoln Christian College Women's Conference

"Since your presentation a few weeks ago, I have received a tremendous amount of feedback. To a person I would say that everyone was inspired by your positive attitude and determination. Your comments encouraged people to reflect on their own lives and situations with new perspective."

Gerry DeRoche

Executive Vice President, Retail Distribution Group, FleetBoston Financial Company
www.fleet.com

"I cannot express how grateful we are for your participation in our annual conference. We received such positive feedback from our members regarding your keynote. Your presentation at the children's program was likewise well received and inspiring."
